Contents

NUMBER 1, MARCH

J. E. Martyn and G. I. Johnson: Geological setting and origin of fuchsite-bearing rocks near Menzies, Western Australia 1

G. E. Calf, D. Ife, S. Tickell and L. W. Smith: Hydrogeology and isotope hydrology of Upper Tertiary and Quaternary aquifers in northern Victoria 19

C. N. Winsor: Intermittent folding and faulting in the Lake Moondarra area, Mount Isa, Queensland 27

J. M. Bowler and J. T. Teller: Quaternary evaporites and hydrological changes, Lake Tyrell, north-west Victoria 43

J. R. de Laeter and J. E. Martyn: Age of molybdenum-copper mineralization at Coppin Gap, Western Australia 65

B. P. J. Stevens: Post-depositional history of the Willyama Supergroup in the Broken Hill Block, NSW 73

M. B. Katz: Tectonic analysis of the faulting at Woodsreef Asbestos Mine and its possible relationship to the kinematics of the Peel Fault 99

NUMBER 2, JUNE

W. N. Sawka and B. W. Chappell: The distribution of radioactive heat production and I- and S-type granites and residual source regions: implications to high heat flow areas in the Lachlan Fold Belt, Australia 107

A. W. Webb, B. P. Thompson, A. H. Blissett, S. J. Daly, R. B. Flint and A. J. Parker: Geochronology of the Gawler Craton, South Australia 119

A. R. Milnes and N. H. Ludbrook: Provenance of microfossils in aeolian calcarenites and calcretes in southern South Australia 145

C. G. Gatehouse: The geology of the Warburton Basin in South Australia 161

P. Augustinus and E. A. Colhoun: Glacial history of the upper Pieman and Boco valleys, western Tasmania 181

W. Compston, I. S. Williams and M. T. McCulloch: Contrasting zircon U–Pb and model Sm–Nd ages for the Archaean Logue Brook Granite 193

N. J. Turner, L. P. Black and N. C. Higgins: The St Marys Prophyrite—a Devonian ashflow tuff and its feeder 201

G. Taylor and P. H. Walker: Tertiary Lake Bunyan, Northern Monaro, NSW, Part I: geological setting and landscape history 219

G. Taylor and P. H. Walker: Tertiary Lake Bunyan, Northern Monaro, NSW, Part II: facies analysis and palaeoenvironmental implications 231

K. Lambeck and R. Stephenson: The post-Palaeozoic uplift history of south-eastern Australia 253

T. H. Whiting: Aeromagnetics as an aid to geological mapping—a case history from the Arunta Inlier, Northern Territory 271

NUMBER 3, SEPTEMBER

R. J. Blong: Pleistocene volcanic debris avalanche from Mount Hagen, Papua New Guinea 287

P. Bishop: Horizontal stability of the Australian continental drainage divide in south central New South Wales during the Cainozoic 295

C. Johnston and L. P. Black: Rb–Sr systematics of the Coolgarra Batholith, North Queensland 309

P. F. Loughnan and F. I. Roberts: Dickite- and kaolinite-bearing sandstones and conglomerates in Illawarra Coal Measures of the Sydney Basin, New South Wales 325

A. Goede, D. C. Green and R. S. Harmon: Late Pleistocene palaeo-temperature record from a Tasmanian speleothem 333

R. A. Henderson: Geology of the Mt Windsor Subprovince—a Lower Palaeozoic volcano-sedimentary terrane in the northern Tasman Orogenic Zone 343

J. A. Webb: Discussion: Proterozoic palaeokarst at Torrowangee, western New South Wales? 365

D. F. Branagan: Reply to discussion: Proterozoic palaeokarst at Torrowangee, western New South Wales? 366

J. B. Waterhouse: Discussion: Macrofaunal zonation of Middle Permian Coal Sequences in Sydney Basin 369

A. McMinn: Reply to discussion: Palynostratigraphy of the Middle Permian Coal Sequences of the Sydney Basin 370

J. E. Martyn and G. O. Johnson: Corrigendum: Geological setting and origin of fuschite-bearing rocks near Menzies, western Australia 373

G. E. Calf, D. Ife, S. Tickell and L. W. Smith: Erratum: Hydrogeology and isotope hydrology of Upper Tertiary Quaternary aquifers in northern Victoria 390

NUMBER 4, DECEMBER

M. Ahmad and D. C. Green: Groundwater regimes and isotopic studies, Ranger mine area, Northern Territory 391

S. A. Greenhalgh and D. Denham: The Beltana, South Australian earthquake of 29 December 1983 and aftershocks 401

J. A. Hallberg and C. W. Giles: Archaean felsic volcanism in the northeastern Yilgarn Block, Western Australia 413

B. L. Dickson and A. R. Ramsden: Significance of the Toolebuc gamma ray anomaly in the search for and evaluation of oil shale in the Eromanga Basin 429

P. M. Ashley: An unusual manganese silicate occurrence at the Hoskins mine, Grenfell district, New South Wales 443

L. R. Bottomer: Epithermal silver-gold mineralization in the Drake area, northeastern New South Wales 457

C. Simpson: Volcanic–plutonic associations within the Bindook Volcanic Complex, Goodmans Ford–Bullio area, New South Wales 475

S. A. Wilde and R. T. Pidgeon: Geology and geochronology of the Saddleback Greenstone Belt in the Archaean Yilgarn Block, southwestern Australia 491

T. J. Cudahy: Mesoscopic structures associated with the Bermagui Megakink 503

S. A. Greenhalgh and R. T. Parham: The Richter earthquake magnitude scale in South Australia 519

J. B. Jones and M. J. Fitzgerald: Silica-rich layering at Blanche Point, South Australia 529
